

4th January 2021

Remote Learning Offer

Dear Parent/Carers,

I hope you are all keeping safe and well.

As you are aware, the government announcement the closure of primary schools in tier 4 (including all primary schools in London boroughs). Since this announcement school staff have been planning for learning to take place remotely with face to face learning only for the children of critical workers and vulnerable children.

As a result, from Tuesday, 5th January 2021 we will begin our remote learning provision. In order to access Google Classroom at home your child needs the same username and password they use for their weekly homework. Please see attached guide for support.

From Tuesday, 5th January 2021 and each week during term time until the full re-opening of the school, the teachers will post daily lessons that follow the timetable below:

	<i>Nursery Daily Timetable</i>
Before 8:30	Eat breakfast-Get dressed Don't forget your morning prayer!

Say thank you to God with the end of day prayer!						

Teachers will begin to follow this timetable this week, but it might not fully be in place until Monday, 11th January as teachers will need to change the lessons they had planned.

Your child needs to log on each day and complete the work that is set by the class teacher. Most children will need some level of support from a parent/carer, however the teachers know the ability of the children and will set activities that your child should be able to complete with little support.

Teachers will be available on Google Classroom between 9:00 am - 3:00 pm to answer questions, provide support and give children feedback. We realize that as some children are sharing devices, they may not be able to submit their work between 9:00 am - 3:00 pm, that is fine as long as the child submits the work as soon as they can.

The class teachers will be following the curriculum that your child would have been taught if they were in school as much as possible; there might be some amendments due to access to resources.

The government has not yet indicated when primary school pupils will be able to return to lessons, although they have said that they hope for this to be as soon as possible and will review the situation every two weeks. The first review is expected on January 18, and we will update parents and carers as soon as we know more about return to school arrangements.

In the meantime, you can continue to play your part in helping to reduce infection rates in Newham by sticking to the Tier 4 restrictions and staying at home as much as possible.

We hope to see your children back at school as soon as possible.

We continue to pray for the health and well-being of you and your family.

God Bless,

Natasha Scott
Executive Head Teacher
