

**FREEDOM OF INFORMATION
&
Record Management 2016**

MISSION STATEMENT

“In the footsteps of Jesus, we strive to achieve excellence in everything we do”

This is St Michael's Catholic Primary School Publication Scheme
on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public to promote a culture of openness and accountability.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

1. Aims and Objectives

We aim to:

- Celebrate our Catholic faith and to encourage children to be confident in their relationship with God.
- Provide a broad and balanced curriculum for all children, allowing them to develop their full potential academically, physically and socially.
- Work in partnership with the Parish Community and our families to prepare children for their future life.
- Create a caring and secure environment in which teaching and learning can flourish for all children and staff

2. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus	<i>information published in the school prospectus.</i>
Governors' Documents:	<i>information published in the School Profile</i>
Pupils & Curriculum:	<i>Reports and in other governing body documents.</i>
	<i>Information about policies that relate to pupils and the school curriculum.</i>
School Policies & other school related information:	<i>Information and policies that relate to the school in general.</i>
